[SBR-001147-0000] Under this policy, the principal was to inform the Indian agent of the death of a student. The agent was then to convene and chair a three-person board of inquiry. The two other members of the board were to be the principal and the physician who attended the student. The board was to complete a form provided by Indian Affairs that requested information on the cause of death and the treatment provided to the child. Parents were to be notified of the inquiry and given the right to attend or have a representative attend the inquiry to make a statement. However, an inquiry was not to be delayed for more than seventy-two hours to accommodate parents.
